PRESS RELEASE

Ramaiah Group Partners with University at Albany to Launch India's First Greenfield STEM & Management University

Bengaluru, 1 June 2026 — The Ramaiah Group, in collaboration with the University at Albany (State University of New York), today announced the establishment of the Ramaiah Institute of Science and Management (RISM). Officially opening on 4 June 2026, RISM will be India's first distinct greenfield deemed-to-be university dedicated exclusively to STEM and management education.

Designed to meet the technology and enterprise needs of India's next decade, RISM is reimagining higher education through a global-first, industry-aligned model centered around its core ethos: "Build. The Future."

Key Highlights of the RISM Academic Model

- Pioneering Curriculum:** RISM moves beyond traditional teaching by integrating "Mentor Professors"—senior industry leaders appointed as formal faculty—to ensure learning is outcome-driven from day one.
- Experiential Learning:** Students will undertake a rigorous three-year capstone experience beginning in their second year, alongside internships and live projects.
- Initial Programmes:** The fully residential institute will offer undergraduate, postgraduate, and doctoral degrees. Initial courses include B.Tech (Computer Science & AI, Aerospace Engineering, Electrical Sciences), BBA (Technology Management), and MBA.
- Global Connectivity:** Through its partnership with the University at Albany, RISM will offer year-abroad opportunities, immersive formats, and corporate-sponsored Centres of Excellence.

Campus & Rollout Timeline

Academic operations will commence in August 2026 at a transit campus in Yelahanka. The main residential campus is currently under development in Bengaluru's Information Technology Investment Region (ITIR) near Devanahalli. Expected to be fully operational by September 2028, the main campus is strategically located near the Aerospace Park, Special Economic Zone, and the upcoming Foxconn facility to foster deep industry-academia collaboration.

Leadership Vision

Dr. M. R. Jayaram, Chairman and Trustee of Gokula Education Foundation (Medical), emphasized the necessity of preparing students for global knowledge environments.

"Our vision is to make RISM a truly distinct learning institution that delivers a globally benchmarked curriculum and resources. We aim to enable students to acquire critical thinking and problem-solving skills that are transferable across technology, science, and management domains and meet the needs of modern enterprises."

— Dr. M. R. Jayaram

The press conference was attended by RISM's founding leadership, including Chairman Dr. D. N. Raghunandan, Dean Dr. N. D. Gangadhar, Executive Director Gurucharan Gollakeri, and Registrar J. D. Desai.
